GOVERNMENT & ECONOMICS / Hausman

Contact Information, Syllabus & JupiterEd Notification
Thank you for reading, signing and returning this form.

HELLO PARENTS:

I am excited to have the opportunity to work with your son or daughter. In order to make success more likely for everyone involved, effective communication is important.

In this class, I use JupiterEd to report grades & provide comments on individual assignment and test scores; I use Synergy to enter an overall letter grade at each progress report and quarter reporting period (as a result, the more up-to-date and specific information is on JupiterEd).

- ☐ I received my temporary passcode sheet to sign up for JupiterEd and I set it up with no problems or questions.
 - ☐ I received my temporary passcode for JupiterEd, but I am choosing *not* to create a parent account.
 - ☐ My student did not bring me the JupiterEd sheet with temporary passcodes to create parent accounts; please send home another, or send a direct link to the email address below.
 - ☐ I have a question about how to set up or use JupiterEd:
- _____
- _____.

This class uses a standards-based grading system, which is explained on the front page of the Syllabus. It probably won't become fully useful until we have grades into the system (later September and early October), but I want to make sure you have the Syllabus as a resource to answer any questions you may have later on.

- ☐ I read through the Syllabus and have no immediate questions about the grading scale or system. I'll contact you later if I have a question.
 - ☐ I have a question about the standards-based grading described in the Syllabus:
- _____
- _____.

Parent name(s): _____

Parent signature(s): _____

Parent e-mail address(es): please write very legibly, because email addresses can be hard to read - thanks!

Parent's daytime phone number(s): _____

Thank you for reading the Syllabus, completing this form and providing contact information. As a fellow parent of high school and middle school students, I empathize with you completing these tasks. You can check my web site (<http://historyhaus.weebly.com>) for more information about the class and JupiterEd. Please let me know if you have any questions during the school year.

Sincerely,

Craig Hausman
